

Professor Andrew D. Toms, Consultant Orthopaedic Surgeon

EMPLOYMENT RECORD

CURRENT POST: SEPTEMBER 2005

Consultant in Orthopaedics and Trauma,
Exeter Knee Reconstruction Unit,
Princess Elizabeth Orthopaedic Centre,
Royal Devon & Exeter NHS Foundation Trust.

Honorary Senior Research Fellow, Department of
Mechanical Engineering, University of Bath. 2009.
Honorary Senior Lecturer, College of Medicine, University
of Exeter. 2012.
Clinical Lead (Knees). 2013.

BASK EDUCATIONAL TRAVEL AWARD 2004:

Revision knee arthroplasty is complex and demanding surgery. Few surgeons have a large experience in this area and there are many new developing techniques for dealing with these complex cases, particularly with the associated bone loss. This award afforded valuable experience in revision knee arthroplasty and allowed me to gain additional exposure to specialist techniques, different philosophies of reconstruction and various implant systems.

Mr P. Kay, Wrightington.

Mr T. Wilton, Derby.

Mr I. Stockley and Mr B. Kerry, Sheffield.

Dr M. de Waal Malefijt, Nijmegen, Holland.
